Paving Detour on US 93 North of Wickenburg

WICKENBURG – The Arizona Department of Transportation (ADOT) is repaving US 93 from milepost 192 south to milepost 194, just northwest of Wickenburg. Construction is scheduled to be complete in mid-July.

- **US 93 CLOSURE:** From 6 p.m. on Tuesday, June 23 through noon on Friday, June 26, US 93 will be closed from the junction of State Route 71 (mp 183) to Wickenburg Way (mp 199). Local traffic will be allowed on Tegner Street (US 93) in Wickenburg.
- **DETOUR ROUTE:** Motorists northbound on US 93 from Wickenburg will be detoured on US 60 to State Route 71, then to US 93. Motorists southbound on US 93 will be detoured on State Route 71 to US 60. The detour route will be clearly marked. ADOT advises drivers to obey all posted speed limits and construction signage. Motorists should expect minor delays while traveling through the construction zone.

Please drive carefully and watch for construction vehicles and personnel when traveling through the construction area. For more information please call the toll-free project hotline at 1-888-887-0565.

*Note: This project is unrelated to the Wickenburg Interim Bypass or the US 60 widening projects, currently under construction in Wickenburg. For more information on those projects please call 1-866-688-5086.

While ADOT strives to inform the public about planned roadway restrictions, during any complex construction project, there is a possibility that unscheduled closures or restrictions may occur. Please visit ADOT's Travel Information Site at www.az511.com or call 5-1-1 for the most current information about planned restrictions in the area. ADOT appreciates your patience as we construct these improvements.
